This one day conference will provide you with information on current **Contextualised Safeguarding** issues for Derbyshire, delivered this year by the following national Keynote Speakers instead of workshops.

Dez Holmes

Director of Research in Practice and Research in Practice Adults. In her keynote titled “Risk, Rights, Resilience & Relationships: redesigning our approach to safeguarding”, Dez Holmes will explore key research messages regarding development and extra-familial harm and consider how professionals in schools are well-placed to provide relationship-based and resilience-focused support.

Jane Held

A senior leader in the Safeguarding Adults and Children’s Services sector, a first class consultant with a national reputation for expertise in Children’s Services and Safeguarding, providing high quality strategic and policy advice, will discuss the increasingly complex and challenging world that children and young people live in.

Phil Ashford

The leader and founder of the National Working Group (NWG) who tackles Child Sexual Exploitation and leads multi-agency forums in the Midlands. Phil spent several years working in Community Safety, with communities, the Police and other agencies to prevent crime and anti-social behaviour and will review the contemporary approaches to Safeguarding Children at Risk of Exploitation.
