

## Welcome to the Derbyshire County PREVENT newsletter!

### Important update on the last page!

For those who I haven't met yet, I am Joie Cain, the Prevent Regional Delivery Officer for Derbyshire County.

Part of my job is to support schools to deliver the Prevent duty and build young people's resilience to extremism and radicalisation.

I post a quarterly newsletter with updates and resources, as well as upcoming training links and dates to remember.

Please read to the very end of this newsletter, where I have set out my offer to schools based on my new role.

I hope everyone is ready for summer and looking forward to the holidays!

## Radicalisation Policy

The Extremism and Radicalisation Policy for Schools has been updated (March 2026) and is always available on SchoolsNet.

<https://schoolsnet.derbyshire.gov.uk/keeping-children-safe-in-education/prevent-strategy/extremism-and-prevent.aspx>

Note: this policy is continually updated.

## Building Resilience to Extremism Through Education

Educate Against Hate has completed a research project to help understand how young people's resilience to radicalisation and extremism can be increased through education. This research identified **six key approaches** that schools may find useful when considering their own approach to integrating this into their strategy. Well worth a read!

## Training Opportunities

### PREVENT Training

#### **Derbyshire County Council's Online Prevent Awareness Training – suitable for staff in education.**

**\*New dates added\***

#### Course: Prevent (Counter Terrorism) Webinar

These sessions cover the important issues that staff need to know for Prevent (What is Prevent?, What is radicalisation? Case study example, Common signs of vulnerability & radicalisation, Current threat level & the main risks from terrorism & extremism).

The session is suitable for all education sector organisations but is not intended as a whole-staff training session. You can use this training for new individual staff or for those staff who need a more detailed insight or update.

As before, certificates of attendance & a user survey will be sent out after the session using the MS Teams attendance list. **Staff must register correctly using their correct names & business email addresses** to ensure they are included in this.

#### **Prevent planning webinar for FE Skills providers – Provided by the Department for Education to the East Midlands Region.**

Free quarterly webinar session, aimed at briefing new providers, those that are less confident in their arrangements or just wish to ensure that they remain compliant with the Prevent Duty.

This webinar has been completely updated to meet the changes of the revised Prevent Duty Guidance.

Attendees will receive a detailed slide set resource and a certificate of attendance after the session.

Follow the link below for dates and registration:

### **Other Free Training Available**

Jennie Fisher, one of the DfE Prevent Coordinators, has relaunched her training events online so that all areas have access. Dates and information below:

- **Induction / Refresher:** A session for those new to Prevent or those who need a refresher. Includes risk and threat for London (although this is relevant training for all areas), the radicalisation process, and an interactive case study.
- **Intro to Incels:** An introduction to incels including terminology, social media use, and potential concerns. Also includes placement within the wider manosphere.
- **Online Platforms:** A deep dive into sites which feature in Prevent concerns, includes how they work, where concerns may arise, and examples of concerning content.
- **Gaming and Extremism:** A deep dive into gaming including gaming adjacent platforms, gamification, game mods, and bespoke games.

#### **Link to register:**

Courses run every other month, so check back if dates are not available yet! **You can sign up for any or all of the sessions that interest you.**

Registration closes 24hrs before the event begins, and links to join are shared 30 minutes in advance. Tickets are limited to 800 per session.

## Important PREVENT update for education settings!

Changes to national and local Prevent mean that my role is changing to a Regional Delivery Officer. This means I will be expanding my work within other community settings. Whilst my remit will be broader, supporting education establishments will still be a key part of my work, but the offer will be amended.

### PREVENT education offer in Derbyshire:

- Universal support (in-person training, student inputs) will now only be available to secondary and special schools and colleges.
- Webinars (hosted by me) will be offered for all staff from Early Years, primary and junior schools to attend several times a year.
- Targeted support for concerns will still be available to all settings.
- Newsletters will be continue to be posted quarterly on SchoolsNet with updates and training dates.

The first dates for the training webinars will be in June, September and October, with one during the September inset day. All staff are invited to attend, and this will still meet the bi-annual statutory requirement for Prevent training. The webinars will still provide a local context and a more in-depth awareness than the online slides provide. I will also allow time for any questions or concerns at the end. The links to book on to the webinars are here and on [Welcome to a safer Derbyshire](#). Feel free to disseminate them to any settings who would benefit. I will of course still be available any time for enquiries, support with risks assessments, etc.
