Online Staff Prevent Awareness Training for Education

(new dates added)

[Course: Prevent \(Counter Terrorism\) Webinar](#)

These sessions cover all of the important issues that staff need to know for Prevent (What is Prevent?, What is radicalisation? Case study example, Common signs of vulnerability & radicalisation, Current threat level & the main risks from terrorism & extremism).

The session is suitable for all education sector organisations but is particularly useful for smaller organisations who may struggle to provide a more detailed Prevent input to smaller staff cohorts. You can use this training for new staff in all education-based organisations or for those staff who need a more detailed insight or update.

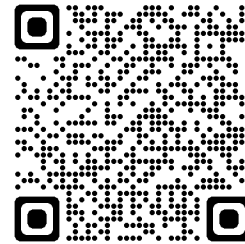

As before certificates of attendance & a user survey will be sent out after the session using the MS Teams attendance list. **Staff must register correctly using their correct names & business email addresses** to ensure they are included in this.

Radicalisation Policy

The [Extremism and Radicalisation Policy for Schools](#) has been updated and is always available on SchoolsNet.

Note: this policy is continually updated.

Misogyny and the Law

In August of last year, Britain's Home Secretary Yvette Cooper ordered a review of the nation's counter-terrorism strategy, with the aim to potentially treat 'extreme misogyny' as terrorism. There may be a refresh of the strategy early in 2025. At Derbyshire Prevent, we are consistently hearing more and more concerns from schools and professionals regarding misogynistic behaviour among young people. While we are unsure as of yet how the counter-terrorism refresh will affect the remit of Prevent regarding misogyny, we wanted to provide you with some helpful links and tools to address this pervasive issue.

And, of course, please let us know if you have any questions or concerns!
