

Dear Safeguarding Lead,

I am contacting you in relation to NSPCC Schools Service *Speak out. Stay safe.* (SOSS) Programme. As you may already be aware that due to the pandemic, we are currently not able to visit schools currently. Good news - Together we can continue to reach children to share the all-important safeguarding messages. Your school can now access a new SOSS online programme.

We are delighted that with the amazing support of Ant and Dec our virtual version of our safeguarding programme – ***Speak out. Stay safe. online*** has been received well and continues to empower the children of Derbyshire.

The Programme comes with a detailed guidance document to support and equip school staff to deliver with ease. This free offer is available for KS1 & KS2 children and includes access to assemblies for both key stages. We have also developed fun and engaging classroom based activities that prepare children prior to watching the online assembly and to help reinforce learning after the assembly (KS2 Only).

A BSL version is also available for d/Deaf children and our specially adapted SEND version of *Speak out. Stay safe.* remains available as usual.

What's next?

If you would like to find out more/register your interest about the *Speak out. Stay safe.* Online Programme click on the link below.
